Comhairliúchán:

Carlow Graiguecullen Joint Urban Local Area Plan 2023-2029

3. Population and Housing

Caibidil: 3. Population and
Housing

In housing in Graiguecullen development should be mixed allowing for the needs of different families and individuals.

The issue of different rent rates in places like Fruit Hill Manor due to the county council differences should be addressed.

Future development should include provision for local amenities to meet the growing population.
